Recyclable Material

Built for Lasting Performance

Waterproof, termite-proof, and dimensionally stable for humid areas with no formaldehyde concerns.

Balanced Privacy & Transparency

Subtly separates spaces while maintaining openness and ventilation.

Available in 600mm and 700mm panel widths

Standard 50mm profile thickness for a refined architectural presence

Supports seamless full-height installations up to 3.6m

Allows Natural Light to Flow

Filters and softens light penetration,
helping spaces feel brighter without
fully exposing the interior.

Applications

Architectural screening for refined interiors

Indoor Courtyard

Suite and Room Dividers

Lounge Area

Engineered vertical louver systems designed to enhance privacy, ambiance, and spatial identity across residential, commercial, and public interiors.
